

Smart Dispensing Vending Systems, manufactured by Palas, vend products that traditional machines cannot:

- Any type of product can be dispensed - examples - samosa, sandwich, pastry, biryani, noodles, momo, rolls
- Consistency of product packaging dimensions is not important. Food can be in boxes, or plate, or bags, any shape
- Change products at any time - eg, idlis in the morning, sandwiches or thali at lunch time, samosa in the evening or anything. Select a space, scan the new replacement item, and keep it in the space, That's it. Software keeps track of which item is where, how many are sold, which spaces are empty
- The optional vision system captures each transaction
- Modular system, more modules can be added as needed.
- Large touchscreen display (also made by Palas in India) shows attractive product advertisements
- Can be sanitised easily with alcohol spray or wipe-down

To use

- Select a product on the touchscreen display, and make the payment via Cards or e-wallets
- Depending on the product selected, the appropriate space door automatically opens; just collect the product

Palas manufactures in India:

- Touchscreen monitors, Touch All-in-ones
- Industrial Touch Panel PCs, Rugged touch systems
- POS systems, Smart Vending
- Smart Card Readers for ATMs, Kiosks, Vending
- Interactive Digital Signage Systems for Malls, Factories, Buildings

Palas is an IIT / IIM alumnus enterprise

Palas Smart Dispensing for Vending Biryani (through-the-wall model Palas ABM.RV2)

This unique Biryani Vending Machine, conceptualised and designed by Palas, was manufactured at its facility in Delhi. A thru-the-wall model, customers can select items while standing outside the store; the order is visible on a rear screen to fulfilment staff inside the store who prepare the order, and place it in the machine using the rear access door. The front door then opens automatically for the customer to collect his order. A unique experience

All Palas vending machines offer a choice of payment methods—Credit Card, Debit Card, UPI Scan to pay, PayTm, and many other e-wallets.

Menus and pricing can be changed at any time using Palas back-end software, either manually, or at pre-scheduled times.

Prices start at Rs 550,000 (GST extra). Front screen is 80cm; rear 43cm, both with hardened Capacitive Touch

Palas manufactures in India:

- Touchscreen monitors, Touch All-in-ones
- Industrial Touch Panel PCs, Rugged touch systems
- POS systems, Smart Vending
- Smart Card Readers for ATMs, Kiosks, Vending
- Interactive Digital Signage Systems for Malls, Factories, Buildings
